

Elizabeth M. Walsh

Department of Entomology, Texas A&M University
412B Minnie Belle Heep, 2475 TAMU
College Station, TX 77843-2475

Phone: (920) 342-0931
E-mail: walshe@tamu.edu

EDUCATION

Texas A&M University (TAMU), College Station, TX

Ph.D. of Entomology; Effects of In-Hive Miticides on Honey Bee Queens (*Apis mellifera*, L.) Advisor: Dr. Juliana Rangel; 2014–Expected 2019

Ripon College, Ripon, WI

B. A. Biology (Honors), English (Honors), Minor in Secondary Education; Magna Cum Laude, 2010–2014

HONORS AND AWARDS

Texas A&M University Department of Entomology 2019
Outstanding Graduate Student Award

Graduate Student Forum (Texas A&M University) 2018
3rd place: Oral Presentation

American Association Professional Apiculturists 2017
Student Research Award

International Union for the Study of Social Insects 2017
LaFage Applied Research Award

*Entomological Society of America 2017
2nd Place: Oral Competition

Texas Apiary Inspection Service 2016
Advanced Master Beekeeper

National Science Foundation 2016
Honorable Mention: Graduate Research Fellowship

Texas Apiary Inspection Service 2016
Advanced Master Beekeeper

United States Department of Agriculture 2016
Diversity Student Program

Texas Beekeepers Association 2015
Graduate Student Research Award

**Entomological Society of America 2015
2nd Place: Oral Competition

National Science Foundation 2015
Honorable Mention: Graduate Research Fellowship

Texas Apiary Inspection Service 2015
Apprentice Master Beekeeper

***Ecological Integration Symposium, 2015
2nd Place: Oral Competition

Alltech Agricultural Science Company 2015
Young Scientist Award

****Foundation for the Preservation of Honey Bees 2014
Foundation Scholar

National Honor Society in Biology (Beta Beta Beta) 2014-Present
National Honor Society in English (Sigma Tau Delta) 2012-Present

GRANTS

California State Beekeepers Association (\$10,000) 2014
Honey Bee Health Research Grant
National Science Foundation (\$1,500) 2013
Undergraduate Student Travel Grant

SCHOLARSHIPS

NSF-Close the Gap Fellowship, TX A&M University 2017
Student Scholarship, Texas Beekeeper's Association 2015
Herb Dean '40 Endowed Scholarship, TX A&M University 2015
Graduate Excellence Fellowship, TX A&M University 2014

PEER-REVIEWED PUBLICATIONS,

A. N. Payne, **E.M. Walsh***, and J. Rangel. 2019. Initial Exposure of Wax Foundation to Agrochemicals Causes Negligible Effects on the Growth and Winter Survival of Incipient Honey Bee (*Apis mellifera*) Colonies. *Insects*. doi:10.3390/insects10010019 (*Walsh and Payne co-first authors)

E.M. Walsh and J. Rangel. 2018. Extracting honey bee (*Apis mellifera*, L.) queen mandibular glands: Methodology for dissection and preparation. *Bee World*. 95 (1): 3-5. DOI: 10.1080/0005772X.2017.1373511.

E.M. Walsh and J. Rangel. 2016. Local honey bee queen production and quality. *Bee World*. 93 (2): 30-32. DOI: 10.1080/0005772X.2016.1211501.

PUBLISHED ABSTRACTS

E.M. Walsh and Juliana Rangel. The effects of pesticides on honey bee (*Apis mellifera* L.) queen reproductive physiology and behavior. *Bee World*. 93 (4). 2 March, 2017. <http://dx.doi.org/10.1080/0005772X.2017.1294471>

E.M. Walsh and Juliana Rangel. Synergistic effects of acaricides used to control the ectoparasitic mite *Varroa destructor* on the reproductive health of honey bee (*Apis mellifera*) queens. 29 September, 2016. DOI: 10.1603/ICE.2016.112977

PRESENTATIONS AND POSTERS

E.M. Walsh, Mark Janowiecki, Edward Vargo, and Juliana Rangel. The effects of agrochemicals on honey bee (*Apis mellifera*) queen mating frequency and sperm viability. Student presentations. American Bee Research Conference. Tempe, Arizona. 11 January, 2019.

E.M. Walsh, Mark Janowiecki, Edward Vargo, and Juliana Rangel. Effects of pesticide exposure during development on the mating frequency of honey bee (*Apis mellifera*, L.) queens. Student competitor. Entomological Society of America. Vancouver, Canada. 12 November, 2018.

E.M. Walsh, Stephen Sweet, Anthony Knap, and Juliana Rangel. The impact of in-hive pesticides on honey bee (*Apis mellifera*, L.) queen behavior and physiology. Invited presenter. IONs at Work. College Station, TX. 5 October, 2018.

***E.M. Walsh**, Mark Janowiecki, Edward Vargo, Stephen Sweet, and Juliana Rangel. Honey bee (*Apis mellifera* L.) queen rearing environment affects behavior and physiology. Student competitor. Entomological Society of America. Denver, CO. 6 November, 2017.

E.M. Walsh and Juliana Rangel. The effects of pesticides on honey bee (*Apis mellifera*, L.) queen reproductive physiology and behavior. Student competitor. Ecological Integration Society. College Station, TX. 24 March, 2017.

E.M. Walsh and Juliana Rangel. The effects of pesticides on honey bee (*Apis mellifera*, L.) queen reproductive physiology and behavior. Student competitor. Association of American Professional Apiculturists and American Beekeeping Federation meeting. Galveston, TX. 13 January, 2017.

E.M. Walsh. Foundation for the Preservation of Honey Bees (FPHB) scholar presentation. Invited speaker. Wisconsin Honey Producer's Association. Steven's Point, WI. 7 November, 2015.

E.M. Walsh and Juliana Rangel. The effects of in-hive miticides on honey bee (*Apis mellifera* L.) mature queens. Invited speaker. Wisconsin Honey Producer's Association. Steven's Point, WI. 6 November, 2015.

*****E.M. Walsh** and Juliana Rangel. The effects of in-hive miticides on honey bee (*Apis mellifera*) queen retinue and mandibular glands. Student competitor. Ecological Integration Symposium at TAMU, College Station, TX. 26 March, 2015

E.M. Walsh and Juliana Rangel. The effects of in-hive miticides on honey bee (*Apis mellifera*) queen retinue and mandibular glands. Student competitor. Student Research Week at TAMU, College Station, TX. 27 March, 2015.

E.M. Walsh. Introduction to Queen Rearing. Invited speaker. Williamson County Beekeepers Association Meeting. 21 January, 2015.

******E.M. Walsh** and Juliana Rangel. The effects of in-hive miticides on honey bee (*Apis mellifera*) queen retinue and mandibular glands. Invited student. American Beekeeping Federation's Annual Meeting. Anaheim, CA. 9 January, 2015.

E.M. Walsh. The effects of in-hive miticides on honey bee (*Apis mellifera*) queens. Invited speaker. Southeastern Wisconsin Honey Producers Annual Meeting. 5 November, 2014.

E. M. Walsh. The effects of in-hive miticides on honey bee (*Apis mellifera*) queens. Invited speaker. South-Central Wisconsin Honey Producers Annual Meeting. 10 July, 2013.

E. M. Walsh and Juliana Rangel-Posada. The effects of in-hive miticides on honey bee (*Apis mellifera*) queen retinue response. Student competition. Presented at the Entomological Society of America's annual meeting. 2013.

E. M. Walsh. Feral Africanized honey bee hunting in Southern Texas. Invited speaker. Dodge/Jefferson Beekeeping Club Meeting. 2013.

PROFESSIONAL AFFILIATIONS

Society of Environment Toxicology and Chemistry, TX A&M University	2015-16
Williamson County Area's Beekeeping Association, TX	2014-17
Texas Beekeepers Association, TX	2014-Present
Entomology Graduate Student Organization, TX A&M University	2014-Present
Entomological Society of America	2013-Present
Wisconsin Honey Producers Association, WI	2009-Present
East Central Beekeepers Association, WI	2010-Present
Dodge/Jefferson County Beekeeping Club, WI	2010-2014

SERVICE

Volunteer, STEM Night, TX A&M High School	2017
Monthly columnist, XYZ of Beekeeping, <i>Kelley Online Newsletter</i>	2015-2017
Volunteer, Wish Upon a Butterfly, Brazos Natural History Museum	2014, 2015
VP and founder, Soc. of Env. Toxicology and Chemistry, TAMU Chapter	2015
Seminar Chair, Entomology Graduate Student Organization of TAMU	2015-2017
Volunteer, Insect Expo, Entomological Society of America	2015
Volunteer, Green Prairie STEM Night, Green Prairie Elementary School	2014
Volunteer, Boonville Days, Brazos Natural History Museum	2014, 15, 16
Outreach Coordinator, East Central Wisconsin Beekeepers Association	2012-2014
Beekeeping Chair, Environmental Club of Ripon	2010-2014
Honey Queen, Dodge/Jefferson Beekeepers Club	2010-2012
Beekeeping Mentor, Wisconsin 4-H Association	2009-2014

GUEST LECTURER

Speaker, "Bee School," Brazos Valley Beekeepers, TAMU	2017, 18
Instructor, "Art of Queen Rearing," Rangel Honey Bee Lab, TAMU	2015, 16, 17
Instructor, "Bee School," Austin Annual Bee School	2015, 16, 17
Instructor, "Annual Bee School," Central TX Beekeepers	2015, 16, 17, 18
Instructor, "Summer Clinic," Texas Beekeepers Association	2015, 16, 17
Speaker, Walworth County Bee Club, WI	July 2016
Speaker, Williamson County Beekeepers Association	May 2016
Speaker, Annual Meeting, American Beekeeping Federation	January 2015,16
Speaker, Summer Meeting, Wisconsin Honey Producers Association	November 2015
Speaker, Williamson County Beekeepers Association	October 2015

Keynote Speaker, Harris County Beekeepers October 2015
Speaker, Walworth County Bee Club, WI June 2015

PROFESSIONAL WORK EXPERIENCE

Texas A&M University, Entomology Department—College Station, TX

Graduate Research Assistant 2014-2019

“The Effects of In-Hive Miticides on Honey Bee (*Apis mellifera*) Queens”

Helped care for 40-80 honey bee colonies, authored successful grant proposals, and authored peer-reviewed research while researching, teaching, and taking classes.

Teaching Assistant

ENTO 320 (online and in-person): Honey bee biology Spring 2019

Instructor: Dr. Tonya Shepherd

ENTO 320 (online and in-person): Honey bee biology Fall 2018

Instructor: Dr. Tonya Shepherd

ENTO 320 (online): Honey bee biology Spring 2018

Instructor: Dr. Tonya Shepherd

ENTO 321: Beekeeping Laboratory Spring 2018

Instructor: Dr. Juliana Rangel

ENTO 320 (online): Honey bee biology Fall 2017

Instructor: Dr. Tonya Shepherd

ENTO 320 (online): Honey bee biology Spring 2017

Instructor: Ms. Ashley Jones

ENTO 320: Honey bee biology Fall 2016

Instructor: Dr. Juliana Rangel

ENTO 320 (online): Honey bee biology Fall 2016

Instructor: Ms. Lauren Ward

ENTO 401: Principles of integrated pest management Fall 2016

Instructor: Dr. Raul Medina

Research Experience for Undergraduates (NSF) Summer 2013

“The Effects of In-Hive miticides on Honey Bee (*Apis mellifera*) Queen Retinue Behavior”

Dadant and Sons Beekeeping Supplies—Watertown, WI 2010-2014

Answered new beekeepers’ questions, assisted in package bee selling and care

Queen B Honey 2009-2017

Owner, founder, and beekeeper
